Office Acti n Summary

Application/Control Number: 09/887138

Art Unit: 1712

DETAILED ACTION

Election/Restriction

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - Claims 1-5 and 22-24, drawn to a method of electrically logging, classified in class 175, subclass 50.
 - II. Claims 6-10 and 25-27, drawn to a method of gravel packing, classified in class 166, subclass 278.
 - III. Claims 11-15, drawn to a method of injecting drill cuttings, classified in class 166, subclass 305.1.
 - IV. Claims 16-21 and 28-30, drawn to a method of fracturing, classified in class 166, subclass 308.
- 2. The inventions are distinct, each from the other because of the following reasons:

 Inventions I IV are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions all have different modes of operation using electrical logging, gravel packing, fracturing and injecting cuttings as modes of operation.

Art Unit: 1712

3. Because these inventions are distinct for the reasons given above and have acquired a

separate status in the art as shown by their different classification, restriction for examination

purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and have acquired a

separate status in the art because of their recognized divergent subject matter, restriction for

examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an

election of the invention to be examined even though the requirement be traversed (37 CFR

1.143).

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip Tucker whose telephone number is (703) 308-0529. The examiner's normal working hours are 7:30am-4:00pm, Monday-Friday. If necessary SPE Robert Dawson may be contacted at 703-308-2340. For inquiries of a general nature call the receptionist at 703-308-0651. The group FAX no. is 703-872-9310. The after final fax no. Is 703-872-9311.
